

The old saying is true that “people don’t care how much you know until they know how much you care.”

Our greatest strength at CCF is the way we love and care about people. From the time you step onto the parking lot of our facilities , get greeted at the door and ushered to your seat, you will be loved and appreciated by the CCF Family. Our [Benevolence Ministry](#) works hard to take care of those who are burdened inside of CCF and outside of CCF. Our Deacons and Pastoral and Ministerial Staff counsel the wounded, visit the sick and hospitalized, and our [Family Care Servant Team](#)

Shepherd their families with great passion. Members who are missing are called and tracked and many times, we will send a team to go back and get them!

If you visit us, expect to get no less than five hugs before you leave our services!
